

Spanish Summer Task – Presentation

In your first lesson of the course you will need to present information to the group that you have researched yourself.

You will need to research a Hispanic country (not Spain).

Ideas of what to include:

Aspects from the AS course (1st year of Spanish A-Level)

Eg

Los valores tradicionales y modernos	What type of political system is there in the country? Was it previously a dictatorship? What can you tell us about recent history of the country? Are the church and state separate? Does the church have an influence on people's views and values?
El ciberespacio	Are they up to date with latest technology? Is technology important to the country's economy?
La igualdad de los sexos	Are women treated the same as men?
La influencia de los idolos	Who would we know from this country? Are they well known in just their country or in other parts of the world? (examples – Shakira – Colombia, Diego Maradona – Argentina)
La identidad regional del pais	Are there divisions in the country according to region? Rich and poor areas? Particular things that divide and unite – music, dance, language?
El patrimonio cultural	What are the national monuments? What is the historical and art history of this country?
El cine y la literatura	Is this country known for its cinema or literature?

The presentation can be presented in a mixture of Spanish and English.

You can include pictures to illustrate

The presentation should last for no more than 10 minutes.

You should use a minimum of **3 sources** of information.
